

3rd annual symposium

Joined with ESM2018, 21 June, Helsinki

Sustainability of soils

Main Hall

8:35 E. Furman, R. Creamer, D. Myrsgold, and A. Sinkkonen

10:25: coffee

TBI symposium

Main Hall

10:55 **Where has the scientific tea break brought us?** Judith Sarneel

11:25 **Lightning talks on TBI experiments**

by Stuart Smith, Inge Althuizen, Taru Sandén and Peter Müller

Room: Kultsa

11:55 **TBI meet and greet**

Questions or just curious? Come for a teatime during lunch with TBI researchers. Posters session

13:00 **Long-term climate regime modulates the impact of short-term climate variability on decomposition in alpine grassland soils.**

Inge Althuizen

13:15 **Termites, teabags and tropical savannahs.** Stuart Smith

13:30: **TeaTime4Schools: How to put decomposition into practice.**

Taru Sandén

13:45 **Global change effects on litter breakdown in tidal wetlands: implications from a global survey using TBI.** Peter Müller

14:00-15:00 **Discussion groups.** Come and discuss the latest developments about aquatic TBI, TBI and DNA methods, How to use TBI in modeling.
